

PRESCRIBE MEDICATION AND INITIATE SUPPORT FOR YOUR PATIENTS IN ONE STEP: **ENROLL IN DECIPHERA ACCESSPOINTSM**

Choose the option that best suits your practice's workflow

E-prescribe via your EHR system

E-prescribe through your EHR system, selecting PharmaCord Pharmacy as the dispensing pharmacy (NCPDP Number 1836191) to initiate enrollment.

- Once your e-prescription is received, Deciphera AccessPoint will contact your patient to offer enrollment into the program.

OR

Download and fax the enrollment form

If you are not e-prescribing, download the enrollment form available at decipheraaccesspoint.com/hcp or DAPenroll.com. Complete and fax the form to [1-833-DCPH-FAX \(1-833-327-4329\)](tel:1-833-DCPH-FAX).

- If your patient is unavailable to sign the form, Deciphera AccessPoint will contact them to obtain their consent for enrollment.

The prescription will be routed for fulfillment to either your preferred, eligible in-network specialty pharmacy* or a non-commercial pharmacy for PAP-eligible patients.

*Deciphera AccessPoint can forward your prescription to your preferred in-network pharmacy or eligible facility's medically integrated pharmacy for dispensing. Reach out to your group purchasing organization (GPO) to determine order eligibility.

EHR=electronic health record.

Using Deciphera AccessPoint can help resolve unexpected access issues and ensure the prescription is routed to your preferred, eligible in-network pharmacy*
