# MEDICARE CAN BE COMPLICATED

LET'S MAKE IT SIMPLER

Medicare is a government health plan that covers  
**64 MILLION PEOPLE IN 2020**

To get Medicare, you must meet one or more of these:

- Aged 65 or older
- Under age 65 with disabilities
- Have end-stage renal disease

## MEDICARE IS DIVIDED INTO PARTS A THROUGH D

### **Part A: Hospital insurance**

Covers care people get in hospitals, skilled nursing facilities, hospice care, and home healthcare

### **Part B: Medical insurance**

Covers services from doctors and other healthcare providers, drugs given in the office, outpatient care, home healthcare, durable medical equipment, and many preventive services

### **Part C: Medicare Advantage**

Run by private insurance companies and replaces Parts A, B, and often D

### **Part D: Prescription Drug Plans (PDPs)**

Run by private insurance companies and covers prescription drugs you take at home (not your doctor's office). **This is the part of Medicare that pays for QINLOCK™ (ripretinib) and other prescription drugs you may be taking**

**TO HELP COVER THE COSTS OF MEDICARE PART A AND PART B, YOU CAN ALSO BUY MEDIGAP OR SUPPLEMENTAL INSURANCE FROM PRIVATE INSURANCE COMPANIES. THIS INSURANCE MAY HELP WITH YOUR OUT-OF-POCKET EXPENSES.**

# HOW MEDICARE PART D SHARES COSTS WITH YOU

THERE ARE DIFFERENT PHASES TO MEDICARE PART D COVERAGE

## Phase 1: Annual Deductible

Every year, you are responsible for your **Annual Deductible**. You pay 100% of this amount before Medicare starts covering any of your costs. In 2020, the Part D deductible is **\$435**.

## Phase 2: Initial Coverage Limit

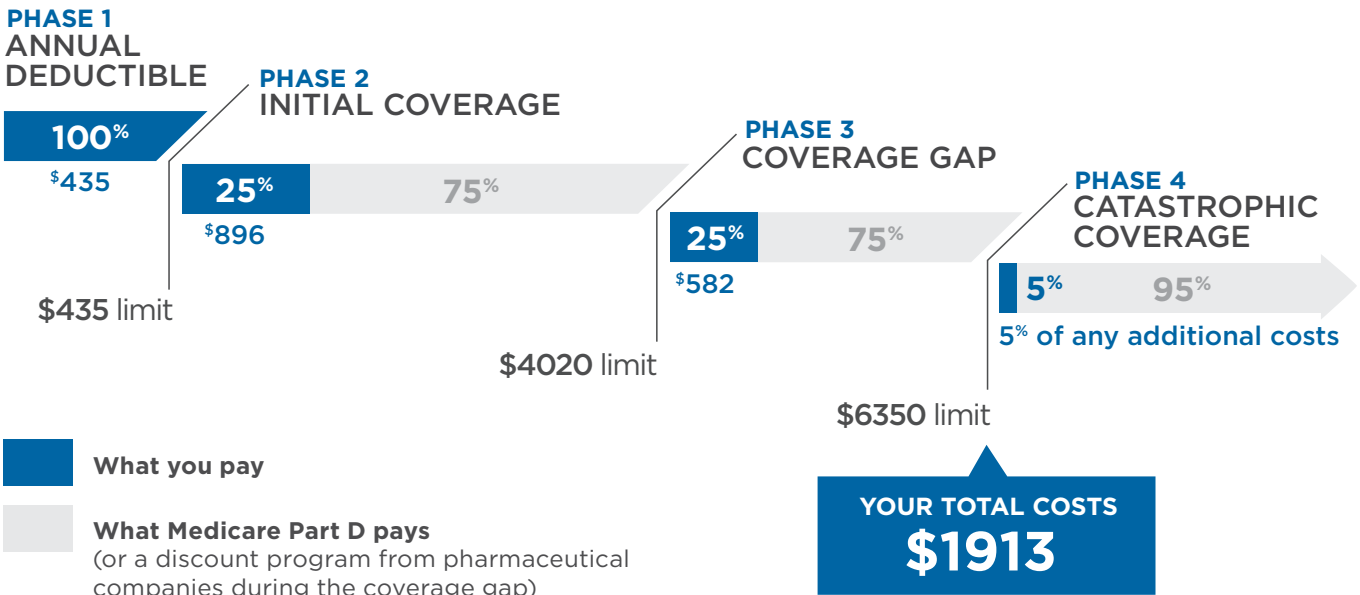

After your Annual Deductible, you pay 25% of your drug costs until you and your plan have spent a combined **\$4020** on drugs. At this point, you have reached your **Initial Coverage Limit**.

## Phase 3: The Coverage Gap

Next, you pass into the Coverage Gap. In the past, you may have heard this period referred to as the “Donut Hole.” While in this phase, you continue to pay 25% of your drug costs. Once you and your plan have spent an additional **\$2330** (for a total of **\$6350** for the year), you will have reached your **out-of-pocket (OOP) threshold**.

## Phase 4: Catastrophic Coverage

Once you reach the out-of-pocket threshold, you move into the **Catastrophic Coverage** phase. During this phase, Medicare pays 95% of drug costs and you pay the remaining 5%. You remain in this phase for the remainder of the year.

## MEDICARE PART D CAN BE VERY CONFUSING. CALL US—WE CAN HELP!

# WHAT IS EXTRA HELP?

A PROGRAM THAT PROVIDES FINANCIAL HELP FOR PEOPLE WITH MEDICARE

**Extra Help**, also called the **Low-Income Subsidy (LIS)**, could help you if you have limited income and resources. It can help pay for monthly premiums, annual deductibles, and prescription copays.

There are 2 levels of Extra Help: **Full Assistance** and **Partial Assistance**.

## DO YOU QUALIFY FOR FULL OR PARTIAL EXTRA HELP?

### Full Assistance

#### YES, if you are one of the following:

- dual-eligible (on Medicare and Medicaid)
- a Qualified Medicare Beneficiary
- on Supplemental Security Income (SSI)
- a Specified Low-Income Medicare Beneficiary
- a Qualified Individual

(see the following page for more information about these individual programs)

#### OR meet these income and resource requirements:

- **Income level:** at or below 135% of the Federal Poverty Level (FPL\*)
- **Resource limits†:**  
Individual: \$7860      Couple: \$11,800

#### Benefits

- **Premium:** 100% covered
- **Deductible:** \$0
- **Copay for drugs:** as low as \$0

### Partial Assistance

#### YES, if you meet these income and resource requirements:

- **Income level:** above 135% but below 150% of the FPL\*
- **Resource limits†:**  
Individual: \$13,110      Couple: \$26,160

#### Benefits

- **Premium:** 25%-75% covered
- **Deductible:** \$89
- **Copay for drugs:** 15% up to Out-of-Pocket Threshold

\*The Federal Poverty Level is an income measure that changes every year. It is used to figure out if you can get benefits like Extra Help. It also depends on the size of your household.

†Resources include the value of the things you own. Some examples are: real estate (other than your primary residence), bank accounts (including checking, savings, and certificates of deposit), stocks, bonds (including US savings bonds), mutual funds, retirement accounts, and cash.
